

# More Than Once In a While

## VERSE

Remember the day that we parted  
You turned to me with a smile  
You said as the years roll along love  
Won't you think about me once in a while

## VERSE

I thought I'd forget all about you  
That your memory would fade with time  
But my thoughts keep dragging me back love  
To a place where you were still mine

## CHORUS

More than once in a while I think about you  
More than once in a while it makes me blue  
I miss your bright eyes and your sweet smile  
I think about you more than once in a while

## VERSE

Love blooms and fades away without you  
I have tried to start my life anew  
Each girl I hold in my arms dear  
Brings back sweet memories of you

Repeat Chorus

If only I could hold you again dear  
The way the memories hold onto me  
Thoughts of you have made me a prisoner  
Without you I will never be free

Repeat Chorus
