VERSE

On the hills of life I have stumbled
Thinking my way was best
I forget what mother had thought me
I knew better than the rest
Having all the things that we long for
All the things money could buy
Still, I felt so alone and empty
I was lost and didn't know why

CHORUS

I'm ready to follow where he will lead me
I'm ready to follow and do what need be
I'm ready to follow beyond tomorrow
Yes I'm ready, oh so ready to follow

VERSE

One day I reached rock bottom
My soul had nothing to give
Then I found my sweet Jesus
Now I have a reason to live
I know now it's not what we own
But what we give away
That spreads God's love all around us
And gives purpose to each day

Repeat Chorus

I don't live for the love of money
or the things money can buy
I live my life for Jesus
and a home in the sweet by and by
I've laid down a heavy burden
My spirit is light with love
I will do God's work till he calls me
To that peaceful home up above

Repeat Chorus
