

Sail Away Blues

John Burns, BMI
© Frogtown Music

VERSE

You've been worrying me baby for way to long
You'll wake up one morning and find me gone
Going to shake your dust off my rambling shoes
I'm going to sail away baby to any place I choose

CHORUS

I've got the blues
Got the rambling blues
I've got the blues
Got the sail away blues

Repeat Chorus

VERSE

Tell me baby why'd you chain my heart
Got my love anchored like a ship at port
I'm going to break free baby and sail my ship away
You can cry cry baby but I'll be gone to stay

Repeat Chorus

VERSE

You're trifling honey with your strong arm ways
I like an open sea with rambling waves
I got wind in my sails and I'm on my way
Say goodbye Momma Daddy's gone to play

Repeat Chorus
