

# Twister

Terry Patten, BMI  
© Frogtown Music

## VERSE

Well first I heard the window breakn'  
Hear the wind a screamin' round  
Feel the house foundation shaking  
See the tree pulled from the ground

## CHORUS

Son get your mother now and tell her  
To bring your little sister over here  
I'll open up the doorway to the cellar  
Lord, that twister's coming near

## VERSE

Well I saw the neighbor's house go up in pieces  
No defense from nature's rath  
The force of the wind still increases  
Lord we're in that twister's path

Repeat Chorus

## VERSE

Well the whole roof came off in just one second  
The cracking of the beams was mighty loud  
The floor is next to go I reckon  
Flying up through that funnel cloud

Repeat Chorus (x2)

## TAG

Lord, that twister's coming near  
Well, Lord, that twister's coming near  
Lord, that twister's coming near
