

What You Deserve

VERSE

Well, she ain't got no time for me unless it's really late you see
She don't come around 'till after dark
She knows just what to do and say
Make you beg, and make you stay
Even though you know you're not the only one

CHORUS

She's got fire that burns you
Man, it sure feels good
Desire won't let you do just what you should
That flame is hot, but that's okay
You'll give it all for another day
When you play with fire you get what you deserve

VERSE

You'll take one look, she'll take your hand
And just like that you're not a man
That has the power to leave 'cause you want more
So close your eyes, it's not a dream
It's just about her reality
And the pleasures always worth the sting of hurt

Repeat Chorus (x2)
