## VERSE

You came to town on a wild wind  
And quickly stole my heart away  
Then you left me so low down  
I have to look up to see the ground

## CHORUS

I can't tame your wild heart  
Like a bird, it must be free  
And it's tearing me apart  
I can't tame your wild heart

## VERSE

You'll never know a love to last  
When you drift from heart to heart  
And when fleeting loves are gone  
You'll find yourself all alone

Repeat Chorus

## VERSE

It's like trying to hold the wind  
Your wild heart cannot be tamed  
You're halfway gone from the start  
There's no stopping your wild heart

Repeat Chorus

## TAG

I can't tame your wild heart
