

I'm Not Ready

VERSE

I'm not ready to forget
All the little things we've done
I'm not ready to forgive
Although that day may come
I'm not ready to share
My nights with someone new
I'm not ready, just not ready
To be over you

CHORUS

How am I supposed to go on
And start my life anew
When I built a world around you
And now you're off with someone new
I'm not ready, no not ready
For what I'm going through
I'm not ready, just not ready
For me without you

VERSE

I'm not ready to get over
The first time we kissed
I'm not ready to un-live
All the crazy things we did
I'm not ready to move on
And to accept reality
I'm not ready to handle
You without me

Repeat Chorus

TAG

I'm not ready, no not ready
For me without you
