VERSE

Come here baby
I've got something to say to you
You're the laziest soul I've ever seen
All you want to do is sit and scheme
And talk about big things you're going to do one day
Well if dreams were money we'd both be rich
And to tell you the truth I've got to admit
I can't recall what I ever saw in you, right now.

CHORUS

That's what she said
As she was leaving, and walking out our door
That's when she said
Stop your lying, cause I just ain't listening no more
That's what she said

VERSE

I hope you find what you're looking for
Whatever it is I need more
I know I aint ever gonna find it here with you
Luck is something you've gotta' make
Chances are something I'm willing to take
My heart is telling me it's time to go, today

Repeat Chorus

BRIDGE

How can person fly
When they never even try
Life's too short for second guesses

Repeat Chorus (x2)

TAG

That's what she said
Ohooo that's what she said
