VERSE

You went out shopping, spent our last dime
We're not bent, we're broke this time
Nothing to do but pass the hat
Tell me baby, what's up with that?

CHORUS

What's up with that, have you lost your mind?
You've gone way too far this time
Our love train's jumped the track
Tell me baby, what's up with that?

VERSE

You went out painting the town
I stayed home, while you run around
You've forgot were your home is at
Tell me baby, what's up with that?

Repeat Chorus

VERSE

The preacher said for better or worse
You took the better, I got the curse
You've done broke this camel's back
Tell me baby, what's up with that?

Repeat Chorus

VERSE

You feed your friends, throwed me a bone
Keep it up and I'll be gone
I'm getting lean, your getting fat
Tell me baby, what's up with that?

Repeat Chorus

TAG

Tell me baby, what's up with that?
